Significant Gift Giving

For those who are willing to contribute more to the carving community, IWCA has established a new **ONE THOUSAND DOLLAR CLUB**. We are very much in need of additional funds in order to continue the programs voted for by your board representatives over the past several years. The **ONE THOUSAND DOLLAR CLUB** is a way to support what you have enjoyed and benefited from for years. Please join our new **ONE THOUSAND DOLLAR CLUB**.

This is how it works. You can simply make a donation of \$1,000 which we would be delighted to receive, or you can make a commitment to reach the goal of One Thousand Dollar's worth of contributions within a given number of years (you pick the time table). For those who have been making yearly donations you will start with a credit amount toward the goal. We'll let you know what that is. Let's say you have made \$400 in the past four years, the balance required to become a One Thousand Dollar contributor would be an additional \$600 spread over the number of years of your choice.

In addition to acknowledging you publically in our Rules Book, those who reach the **ONE THOUSAND DOLLAR CLUB** goal will receive a special gift yet to be determined--a jacket, a lapel pin, a limited edition decoy, a limited edition piece of art by a noted artist. As a donor what would you enjoy receiving? Let us know.

Like many other non-profit (all volunteer) groups, we continue to exist only through your interest and generosity. Remember, we are a 501 (c) (3) non-profit organization, and your contribution is tax deductible. Check with your tax accountant.
